17.15-17.30	Wrap Up

Afro-Eurasian Monkey Workshop – Day Two June 14th Yorkshire Wildlife Park

PROGRAMME

DAY TWO 14 th June 2022	
10-10.15am	Welcome from Vice TAG Chair
10.15-11.15	<p>Keynote Mandrill Research & Conservation Professor Jo Setchell. Department of Anthropology. Durham University.</p> <p>Professor Setchell's research, for the last 25 years, has integrated methods including behaviour, morphology, demography, genetics, endocrinology, semiochemistry and dental histology to address questions relating to reproductive strategies, life history, sexual selection and signalling in primates. The majority of this work has focused on a semifree-ranging colony of mandrills, housed at the Centre International de Recherches Médicales, Franceville (CIRMF), Gabon. The research has increasingly focussed on human/wildlife interactions and biodiversity conservation. Professor Setchell advocates that conservation must be underpinned by a deep understanding of the historical, political and social context.</p>
11.15-11.35	Coffee
11.35-12.45	<p>Presentations: Introductions</p> <p>The introduction of two potential breeding male Geladas (<i>Theropithecus gelada</i>) into a family group led by an established vasectomised male at Yorkshire Wildlife Park. Greg Clifton, Yorkshire Wildlife Park</p> <p>Cherry Crowned Mangabeys: mixing an unrelated female into an existing family group. Katherine Taylor, Colchester Zoo</p> <p>2's Company, 3's a Crowd; Managing 3 rolowsays (1.2) at Fota Wildlife Park EibhLín Foley, Fota Wildlife Park</p>
12.45-13.45	Lunch
13.45-15.45	<p>Guenon Introduction Discussion EAZA Afro-Eurasian TAG Guenon Coordinator, Matt Hartley, will lead a discussion on guenon introductions. He will be joined by experienced keepers from Twycross Zoo and Yorkshire Wildlife Park to share their insight and to open the floor to workshop participants to discuss case studies.</p>
15.45-16.15	Coffee
16.15-17.15	Tour of the Primate Section
17.15-17.30	Wrap Up

We will do our best to keep the programme as stated, however changes may be made at the last minute.
