

# Afro-Eurasian Monkey Workshop

## Yorkshire Wildlife Park

### PROGRAMME

DAY ONE 13 <sup>th</sup> June 2022	
10-10.15am	Welcome from Yorkshire Wildlife Park
10.15-11.15	<p><b>Keynote</b>  <b>From mandrill behavioural ecology to decolonising primatology.</b>            Professor Jo Setchell, Department of Anthropology. Durham University</p> <p>Professor Setchell has studied mandrills for 26 years, in collaboration with the Primate Centre at the Centre Interdisciplinaire de Recherches Médicales, Franceville (CIRMF), Gabon. In the face of the extinction crisis, her research has increasingly focussed on human/wildlife interactions and biodiversity conservation. Her current work is in collaboration with <a href="#">Save Gabon's Primates</a> to promote the conservation and welfare of primates in Gabon. Professor Setchell will review her research on mandrills, and explain why and how we need to decolonise primatology.</p>
11.15-11.35	Coffee
11.35-12.45	<p>Presentations: Introductions</p> <p><b><i>The introduction of two potential breeding male Geladas (<i>Theropithecus gelada</i>) into a family group led by an established vasectomised male at Yorkshire Wildlife Park.</i></b>            Greg Clifton, Yorkshire Wildlife Park</p> <p><b><i>Cherry Crowned Mangabeys: mixing an unrelated female into an existing family group.</i></b>            Katherine Taylor, Colchester Zoo</p> <p><b><i>2's Company, 3's a Crowd; Managing 3 rolowsays (1.2) at Fota Wildlife Park</i></b>            EibhLín Foley, Fota Wildlife Park</p>
12.45-13.45	Lunch
13.45-15.45	<p><b>Guenon Introduction Discussion</b>            EAZA Afro-Eurasian TAG Guenon Coordinator, Matt Hartley, will lead a discussion on guenon introductions. He will be joined by experienced keepers from Twycross Zoo and Yorkshire Wildlife Park to share their insight and to open the floor to workshop participants to discuss case studies.</p>
15.45-16.15	Coffee
16.15-17.15	<p><b>Monkey Quiz</b>            An opportunity to show off your monkey knowledge and a relaxed, fun quiz!</p>
17.15-17.30	Wrap Up

*We will do our best to keep the programme as stated, however changes may be made at the last minute*

<b>DAY TWO 14<sup>th</sup> June 2022</b>	
10-10.15	Welcome from Afro-Eurasian Monkey EAZA TAG Vice Chair
10.15-11.15	<p><b>Keynote</b>  <b>Breed &amp; Cull Population Management in Zoos</b>            Dr Holly Farmer, Wild Planet Trust.</p> <p>Dr Farmer manages the zoo-based research conducted at both Paignton Zoo and Living Coasts. Her work involves supervising students from BSc and MSc courses in undertaking research, for which she is interested in a wide range of fields including animal behaviour and welfare, bioacoustics and the role of zoos in captive breeding. Dr Farmer is the EEP (Endangered Species Programme) coordinator for the Critically Endangered Sulawesi crested black macaque (<i>Macaca nigra</i>) and supports staff members who coordinate captive breeding programmes for a range of species at WWCT sites.</p>
11.15-11.35	Coffee
11.35-13.05	<p>Presentations: Population Management</p> <p><b><i>The impact of female contraception for population management on behaviour and social interactions in a captive troop of Guinea Baboons <i>Papio papio</i></i></b>            Tabitha Taberer, Jasmine Rowbotham. Yorkshire Wildlife Park</p> <p><b><i>Baboons on the move</i></b>            Luca Morino, Paris Zoo, Menagerie JDP, MNHN</p> <p><b><i>Like buses! - The successful breeding of mandrills (<i>mandrillus sphenx</i>) at Chester Zoo after a 10 year wait.</i></b>            James Star, Chester Zoo.</p> <p><b><i>Influence of social management on reproduction success in European guenons</i></b>            Matt Hartley, Zoo and Wildlife Solutions</p>
13.05-14.05	Lunch
14.05-15.35	<p>Presentations: Conservation</p> <p><b><i>Reintroduction of captive born animals to the wild. Javan Gibbons and Javan Langurs.</i></b>            Simon Jeffrey, Port Lympne Hotel and Reserve and the Aspinnall Foundation</p> <p><b><i>Barbary Macaques in The Rif Mountains of Morocco: Conservation in Action</i></b>            Dr Sian Waters, Barbary Macaque Conservation Awareness</p> <p><b><i>West African Primate Conservation Action – the One Plan Approach to primate conservation.</i></b>            Andrea Dempsey, WAPCA.</p> <p><b><i>The Long-Tailed Macaque: Misunderstood and Under Threat</i></b>            Rebecca Sweet, The Long-Tailed Macaque Project</p>
15.45-16.15	Coffee
16.15-17.15	Tour of Primate Section
17.15-17.30	Wrap Up

***We will do our best to keep the programme as stated, however changes may be made at the last minute***
